REQUEST FOR YOUR SUPPORTS

Dear friends and development partners.

This is an invitation for a partnership respond to the development needs in post-War and post-Ebola affected rural communities of counties bordering the Manor River Union countries. Your support in whatever size and form (Cash, Equipment, Stationary and Vehicles) will be greatly of help.

THE PURPOSE OF THE REQUEST

CEEF lunches this request to raise US\$4.2 Million Dollars to support the five-year (2020-2024) Strategic Plan designed to empower rural communities to have fair share of their natural resources, work with youth-women serving groups to ensure freed GBV communities in the MRU countries and provide leadership training opportunities for youth to acquire professional skills that enable them to meet with International Standard of Leadership.

RURAL COMMUNITIES IN MANOR RIVER COUNTRIES

Rural communities of Manor River Union Countries are endowed with a wealth of untapped resources; the irony is in the fact that in spite of these vast resources potential in rural communities, they live in abject poverty and situations of deprivation and destitution.

Assessment report points at the underlined factors which drives the cause of the poverty situations in rural communities. These include: The lack of rights information on the importance of their natural resources, national laws and policies that gives them rights to have fair share of their natural resources, and, the lack of skills, knowledge and strategy to utilize and manage their resources.

THE STRATEGIES

- ❖ Work with community networks and leaders to have increased information on the importance of their natural resources, national laws and policies that gives them right to have fair share of these resources;
- ❖ Building the capacity of youth-women lead serving organizations to have increase skills and knowledge in community development strategies, land management, land utilization and Result Based Project Management (RBPM) to work with community leaders and change the trajectory of rural community living.

ERADICATION OF SEXUAL GENDER BASED VIOLENCE IN RURAL COMMUNITIES.

Gender based Violence is to the highest peak perpetrated in homes, schools, offices, farms. Research has points at underline factors which include poverty, the lack of rights information on the consequences of GBV, the system in place to seek redress and hold perpetrators accountable

CEEF has embarked on empowering youth-women lead serving groups to:

- ✓ Help young girls to have improved and sustainable livelihood for them to resist the practice of SGBV.
- ✓ Raise awareness on the consequence of GBV and laws and policies that can be used to bring perpetrators to book.
- ✓ Works with communities' leaders, law enforcement officers and ensure that perpetrators of SGBV are brought to book.

LEADERSHIP DEVELOPMENT PROGRAM

Building youth's leadership skills to become managers and meet with International Standard of Leadership. As a Foundation we believe that while education is a human right, professional skills acquisition is a necessary choice for individuals with a sense of purpose and a necessary asset for democracies which prioritize human capital as a critical resource that delivers good governance and build the momentum for citizens' relevant political and economic participation.

CEEF runs short-term training programs which include:

- **Leadership and Management Program (LMP)** with emphasis on Leadership, Sustainable Development Management (SDM), International Relations and Diplomacy (IRD), Result Based Project management RBPM), and.
- Leadership and Social Work (LSW) with emphases on Leadership, Community Development (CD), Result Based Project Management (RBPM), Monitoring and Evolution (ME); Sustainable Development Management (SDM); and Fund Raising and Grant Management (FRGM) management procedures.
- Graduate carrier advancement program with emphasis on job readiness, General Corporate Etiquettes etc. and
- Internship and job placement program
